THE COLLECTION

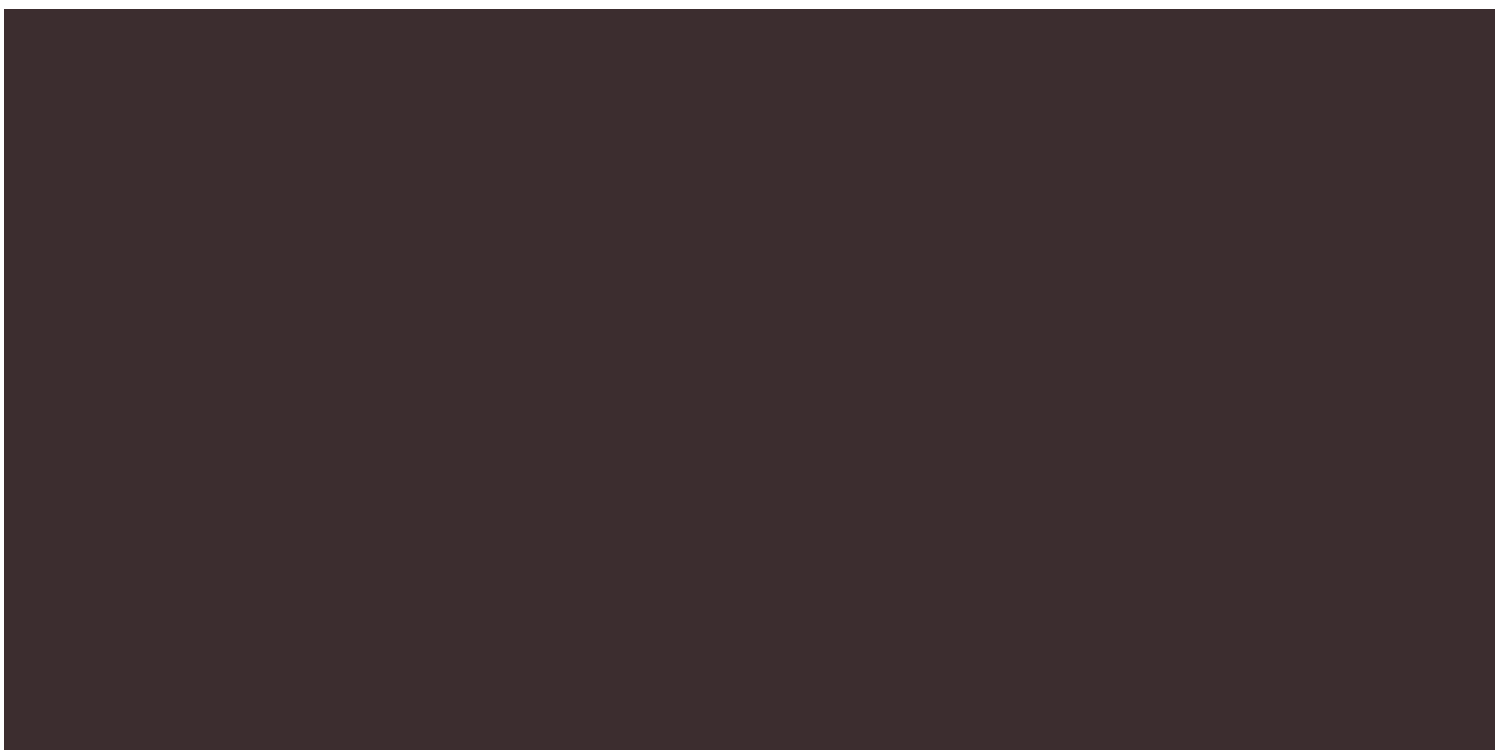

New American

This New American style is a combination of timeless utility and lasting quality with romantic touches from the classic Hollywood era, fused with exciting references from America's many rich subcultures.

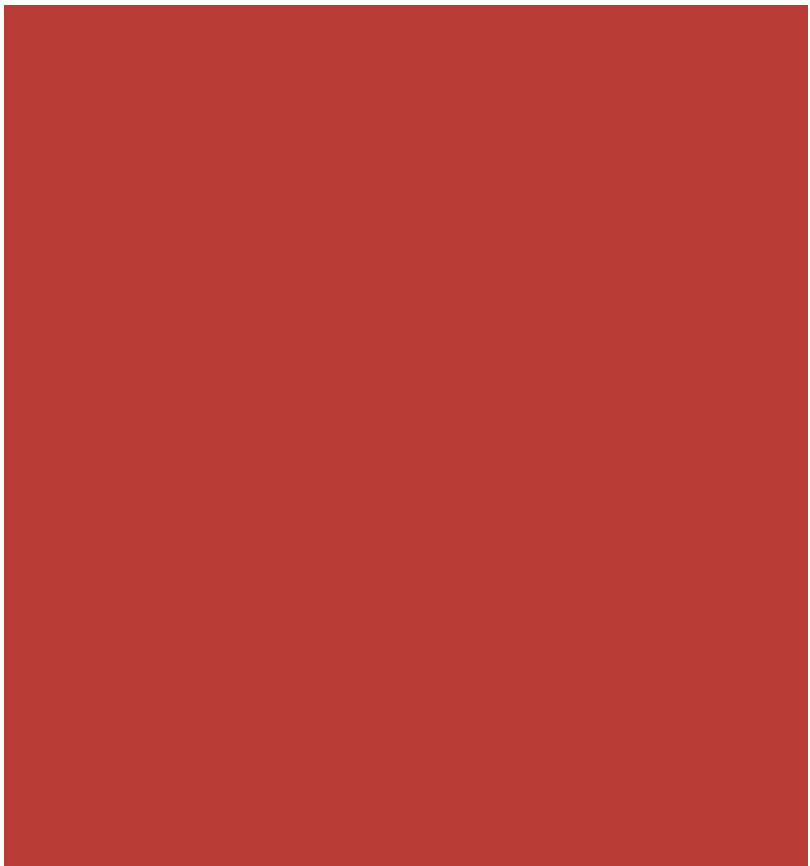

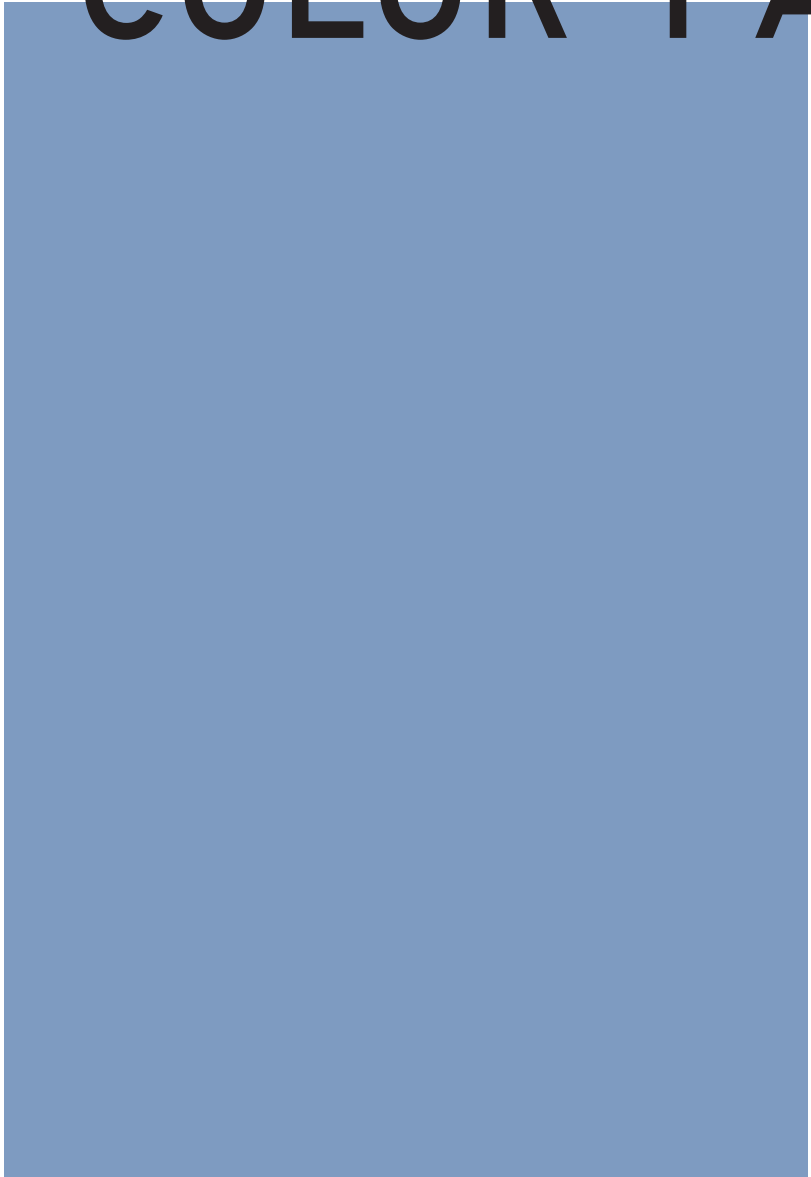

Our goal every season is to keep imagining how we can redefine the 'New American' style while staying true to decades of great American design heritage that have always been present in our collections.

Re-imagining a typical slim-fitting preppy all over embroidered bulldog trouser cut in a wide leg silhouette, the mundane Oxford shirt ridden of its band so it may be worn as a camp collar as well as buttoned up to the top or the hunting jacket cut short for the commuter with back pockets for a cyclist rather than a duck hunter.

This season we've put an emphasis on perfecting our fits while elevating overall quality by incorporating top tier fabrics and hardware.

COLOR PALETTE

04.

Color Palette

Our color palette for Spring 21 is comprised of neutral tones paired with pop primary colors. For these pop colors we have opted for pigment dyes rather than the traditional reactive dyes in effort to encourage their use in layering in creating a look that has a delicate and well thought out balance of contrast.

Where pop colors are not present we have introduced a range of prints, plaids and stripes. Found primarily in our shirting collection these patterns serve as alternatives to the pop colors and are perfect in weight to be worn as single layer items in the warmer months.

KNICKERBOCKER GREEN

KNICKERBOCKER GREEN WAS INSPIRED BY THE MANY AWNINGS THAT LINE THE AVENUES OF OUR HOME IN NEW YORK CITY. THE NAME KNICKERBOCKER ACTUALLY MEANS "NEW YORKER". THE COLOR IS DISTINCT, YET FAMILIAR AND AN OPTIMAL CHOICE WHEN A BIT OF COLOR OR CHARACTER IS NEEDED.

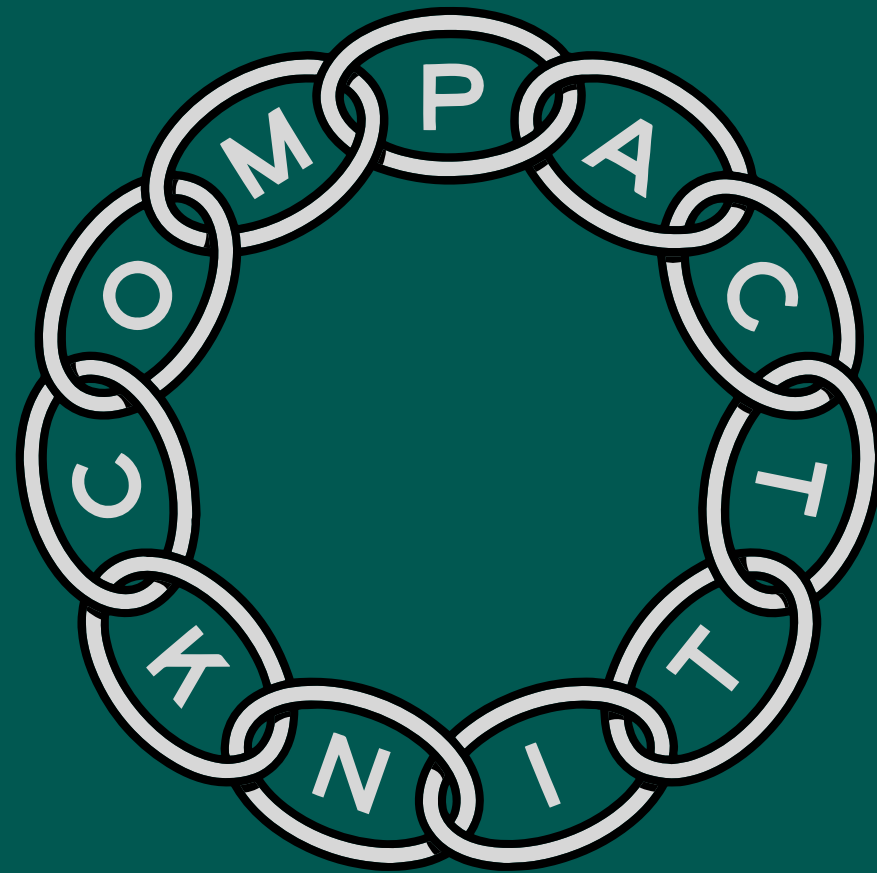

FABRIC

19.

Fabric

Each year we try to introduce an array of our own custom developed fabrics. Working with our mills and partners to introduce materials exclusive to Knickerbocker. Great fabric is the foundation of each garment. For this season we have introduced our Compact Knit®, a unique two ply cotton poplin with a custom print and an all over embroidered cotton twill designed off of the great Cramerton twill used for military issued khaki's of WWII.

Alongside some of our custom fabrics we have an array of lightweight cotton or linen fabric along with the technical fabric of Italian mill Olmetex, which we use for their user friendly washable and water resistant cotton/nylon fabrics.

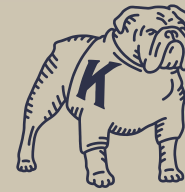

COMPACT KNIT® WAS DESIGNED TO REPLICATE THE UNIQUE DRY HAND OF A VINTAGE KNIT FLEECE. COMBINING FINER YARNS INSTEAD OF WIDER SINGLE YARNS THIS PROVIDES THE TIGHTLY KNITTED CLOTH WITH NOT ONLY LONG LASTING WEAR BUT BEAUTIFUL SURFACE CHARACTERISTICS.

470 G / COMBED / RING-SPUN

FABRIC: TWO-PLY COTTON POPLIN CLOTH
STYLE: TALL POCKET CAMP SHIRT

“Broadway the Bulldog” is a New Yorker - a tough but lovable character. The mascot logo was designed by Joshua Minnich. Produced in an all over embroidered pattern for our wide leg trousers.

WOMEN'S

06.

IT IS NO SECRET, THAT FOR MANY MEN, THE LADIES IN THEIR LIFE UNDOUBTEDLY HAVE MORE STYLE THAN THEY DO. NATURALLY, WE TAKE THE INCREASING INTEREST IN OUR LINE FROM WOMEN AS A COMPLIMENT. FOR THE FIRST TIME WE WILL BE INTRODUCING A GREATER RANGE OF SMALLER SIZES IN OUR COLLECTION TO BETTER SERVE THE LADIES IN OUR LIFE.
